FEDERAL PREEMPTION AFTER *WYETH*

What is the future of federal pre-emption after *Wyeth*?

Wyeth v. Levine represents a sea change in federal pre-emption as a defense. What issues does the ruling leave open? What other areas or industries may be impacted? The Palo Alto Area Bar Association Trial Practice Forum hosts a roundtable discussion to examine these issues as well as other aspects of *Wyeth*.

The Wyeth holding: the FDA's approval of drugs does not pre-empt state tort laws. It is the third pre-emption opinion issued by the Supreme Court in recent years.
